Small School, Big Achievements: Sports Newsletter 2025

There have been two major competitive sporting events for school children in our area recently, the aim being to promote an interest and enthusiasm for sport among the children of India.

The first competition was organised by the local MP, who in our district is Prime Minister of India, Mr Narendra Modi himself. Many of our pupils signed up to compete in the games, sports and athletic events and 24 of them reached the top level in the competition.

Another competition was organised by the Uttar Pradesh Education Board and in that 28 of our students qualified to go into the second round and out of these, three students qualified for the third, semi-finals level. One of our students was picked to play for a cricket team in the finals at State level.

We are a very small school compared to other schools in Varanasi district and have limited sports facilities so our results are really extremely good. We have a lot of determined and energetic pupils and they have thrown themselves into the competitions, taking part in athletics, cricket, kabbadi and kho kho. They have been encouraged and supported by Pawan, the games teacher, who has tirelessly accompanied them to first round tryouts and been there through every round to encourage their efforts and cheer them on to success.

Special mention goes to Vikash who came third in the district in long jump; to Anurag who was one of the top cricketers in the district level trials; to Kalpana who qualified to play Kabaddi in the under 14s at district level, and to Jeenat who made the state level cricket team which went on to win the entire championship.

If you know anyone who you think might be interested in this newsletter, please forward it on.
